November, 2001

## Air Guard Members On the Move

By Col Mike Gullihur  
152 AW Commander

Well, the October drill was over in about 3 minutes! Very busy times for us all.

With the short turn around time between the October and November UTAs I thought I would take this opportunity to tell you what's on our plate now, how it's affecting our members, and what I feel the future holds. (I'm very visionary".....Yeah, right!!)

Following the 11th of September "Attack on America" all units went on a high state of alert. Our security forces, Resource Protection Team and civil engineering sections were immediately called upon to put in place the additional personnel and facility requirements to deal with the increased threat level. As our security forces operations tempo was on the increase, we were tasked by the Governor and Adjutant General to provide volunteer personnel for airport security details here at Reno/Tahoe, McCarran (Las Vegas) and Elko Airports. Along with the Army Guard, there are now approximately 120 personnel involved in that operation alone.

In regards to members on the move, four members of the 152<sup>nd</sup> Intelligence Squadron have been activated and have reported for duty. The majority of the 80-person squadron has been put on alert for activation. On the 16th of October 46 members of the Ssecurity forces squadron were mobilized. They will be going through deployment processing here at home,

providing some much needed relief for our forces now in place, and be given the responsibility of training a standby volunteer force, should follow on orders deploy them off station.

Our South-Com deployment has departed. Presently it is planned for one rotation of personnel, but if the deployment time frame is extended, plans are in place for additional rota-

**continued from p.1**

tions. We also have Guard members supporting the Air Expeditionary Forces in Saudi Arabia, the United Arab Emirates and four of our fire fighters getting ready to deploy to Spain (tough duty!).

As this crisis continues and more and more requests for help come from our state, the Guard Bureau and from the active Air Force, I am almost certain that our operations and deployment tempo will increase. To that end, along with our unit's full-time work force, many of our traditional guardsmen, and women, will be "asked and tasked" to provide their expertise in support of these on-going operations. These are trying times for our members and their families. We as High Rollers, will answer this call with pride, professionalism and unity.

On Sunday of the November UTA I have the distinct pleasure of being on the board to select the Airman, NCO, Senior NCO and First Sergeant of the year. The Board will interview two members in each category, then I'll just pick who I want.....(just kidding Chief Dickerson!!)...and the winners will be presented their awards in December.

We are still requesting volun-

teers to participate in the City of Reno Veterans Day Parade. The parade will be on November the 11<sup>th</sup>, the theme "Stars and Strips Forever-Honoring all Veterans". Our goal is to have approximately 60 members from both the Army and Air Guard, total of 120, to march, (or at least attempt to!!) down Virginia St. Some participants will be asked to wear class A's, some class B's, the majority in BDUs and flight suits.

As we enter another time when the nation's military is in the limelight, it is

incumbent upon all Americans that we honor those who have served. Please contact your orderly rooms to be counted as a volunteer.

Photo by SMSgt James Keneally

Well, I best get back to it. It sounds like the natives are getting restless outside my door. Take care

P.S. I know you all join me in congratulations to now Major General Giles Vanderhoof. Our AG was pinned with his second star by the Governor

and his wife, Linda, on Oct. 9. Hey, I know where my bread's buttered!!!

# FREE ADMISSION TO SEA WORLD AND MORE FOR GUARD MEMBERS

Every day through Dec. 31, 2001  
Sea World-Orlando  
Sea World-San Diego  
Busch Gardens-Tampa

Weekends through the end of their seasons  
Sea World-San Antonio  
Busch Gardens-Williamsburg  
Sesame Place

# Veteran's Day Parade

## Needs Volunteers

This year's Veteran's Day parade takes place November 11th. The Nevada National Guard entry will include approximately 60 airmen and 60 soldiers walking seven abreast. Uniforms will be class A's, BDUs and flight suits. Participants may use RUTAs, AT or PT days. Deadline for entry is November 2nd. Please contact LtCol Jeri Van Leuven at 788-9302 or TSgt Shari Kinsley at 788-4701.

## MYSTERY PROFILE

I was born in the eastern part of a neighboring state in 1950. My family later migrated from there to the Boise area in 1959. Moving to Nampa, a little further west, I graduated from Nampa High School in 1969, attended Boise College (now Boise State University) and joined the Idaho Air Guard in early 1971. I became a traditional crew chief on the F-102 Delta Dagger and later the RF-4C Phantom II.

In 1979 I left the IDANG as my civilian job at the time moved me to Oregon. I just couldn't stay away from the airplanes, though, so subsequently quit the civilian job and returned to the Idaho guard as an air technician in January 1984. I was commissioned a second lieutenant in late 1985 and unfortunately returned to a part time status, though I was allowed an awful lot of man-days for deployments, ORIs etc.

In 1988, a full time technician slot opened in the great state of Nevada, I forwarded my application and my hero, Col Bob Bonham, hired me on.

My career in Nevada started as the Maintenance Control Officer, next became the Avionics Branch "Chief", and the Maintenance Squadron Commander before being elevated to my present position. Over the years, the opportunities afforded me have been tremendous. I have worked with some terrific people at home and in such places as Bahrain, Panama, Puerto Rico, Australia, Oman and countless exotic points in between. Coupled with three trips to Europe and one to Canada while in Idaho, one could say I've managed to see the world with the Air National Guard.

I have three children – Molly, 26, whom many of you know as she did a 6 year tour with our unit; Katy, 20, my middle child who lives here in town, and Alexander, almost 13, whom many of you know as well, although he is a very small, quiet boy and hard to see. Molly's husband, Josh, is also in the Nevada Air Guard and was just activated with the rest of our security forces. Their little boy, Skyler, makes me a very proud grandpa.

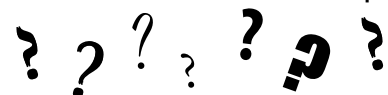

I like to do many things for fun, though it seems like there never is enough time. I am a private pilot; enjoy woodworking projects, ride a big motorcycle that scares the crap out

of me and I am an avid UNR sports fan. It becomes very difficult when they play my alma mater, Boise State, but I find if I yell "Go Blue", no one knows the difference and I can even fool myself.

Finally, if you still are unsure of who this "mystery" is, I embarked on my second marriage last July to a Polish belle raised on the north side of Chicago who I am frightened of because I cannot pronounce her maiden name. Just kidding, she's very special and I can pronounce her first name quite well, "Danuska", translation – Donna. For all you romantics, I met her on a moonlit, Caribbean cruise (storybook romance, really!) and the rest is history! The boat later sank, but that's another, less romantic story.

I can only echo the comments of previous "mystery profiles" regarding our Nevada Guard family. We work, play and sustain one another through the best and the worst of times in a most remarkable way. I stand very proud of our unit's uncommon commitment to one another and our nation.

Answer on p.9

# NATIONAL NATIVE AMERICAN HERITAGE MONTH

By Capt Todd Starbuck  
152 AW Equal Opportunity

November is National Native American Heritage Month and at the Nevada Air National Guard, we take time to recognize our diversity as we have members within our unit that are part of this demographic rich in history and tradition.

The history of National Native American Heritage Month began on August 3, 1990, when a Joint Resolution designating the month of November 1990 as "National American Indian Heritage Month" was approved by President Bush, becoming Public Law 101-343 (104 Stat. 391). This month, as part of our continues education in diversity, we are spotlighting a significant contribution to the military by Native Americans during World War's One and Two. The following are some of the highlights about the military members know as, "The Navajo Code Talkers".

Guadalcanal, Tarawa, Peleliu, Iwo Jima: the Navajo code talkers took part in every assault the U.S. Marines conducted in the Pacific from 1942 to 1945. They served in all six Marine divisions, Marine Raider battalions and Marine parachute units, transmitting messages by telephone and radio in their native language — a code that the Japanese never broke.

The idea to use Navajo for secure communications came from Philip Johnston, the son of a missionary to the Navajos and one of the few non-Navajos who spoke their language fluently. Johnston, reared on the Navajo reservation, was a World War I veteran who knew of the military's search for a code that would withstand all attempts to decipher it. Johnston believed Navajo answered the military requirement for an undecipherable code because Navajo is an unwritten language of extreme complexity. It has no alphabet or symbols, and is spoken only on the Navajo lands of the American Southwest.

Once a Navajo code talker completed his training, he was sent to a

Marine unit deployed in the Pacific theater. The code talkers' primary job was to talk, transmitting information on tactics and troop movements, orders and other vital battlefield communications over telephones and radios. They also acted as messengers, and performed general Marine duties.

Praise for their skill, speed and accuracy accrued throughout the war. At Iwo Jima, Major Howard Connor, 5th Marine Division signal officer, declared, "Were it not for the Navajos, the Marines would never have taken Iwo Jima." Connor had six Navajo code talkers working around the clock during the first two days of the battle. Those six sent and received over 800 messages, all without error.

The Japanese, who were skilled code breakers, remained baffled by the Navajo language. The Japanese chief of intelligence, Lieutenant General Seizo Arisue, said that while they were able to decipher the codes used by the U.S. Army and Army Air Corps, they never cracked the code used by the Marines. In 1942, there were about 50,000 Navajo tribe members. As of 1945, about 540 Navajos served as Marines. From 375 to 420 of those trained as code talkers; the rest served in other capacities.

Navajo remained potentially valuable as code even after the war. For that reason, the code talkers, whose skill and courage saved both American lives and military engagements, only recently earned recognition from the Government and the public.

## New AF Web Site Unveiled: Responding to Tragedy

Please take a look at the Air Force's new Web site, Responding to Tragedy ([www.af.mil/news/tragedy](http://www.af.mil/news/tragedy)). It has the latest Air Force-related news on the September 11 tragedy, as well as links to frequently-asked questions for Air Force people assigned to the Pentagon. You'll also see hero stories, letters from the public, photos and base news. The Air Force public affairs staff keeps the site up to date with the latest information.

# HAPPY THANKSGIVING

**By CMSgt Richard Dickerson**  
Nevada Command Chief Master Sergeant

Yes, despite the September terrorist attacks on America we have plenty to be thankful for. Despite the cowardly attacks on innocent civilians, America is still the world's pillar of liberty and personal freedom. Our Commander in Chief has ordered our brothers and sisters in uniform to respond to the attacks, and many High Rollers are also answering the call. By the time you read this even more High Rollers might be responding.

Your security forces squadron and Base Resource Protection Team have kept our base secure since the terrorist attacks. All of them have logged long hours, but they have all kept a friendly and positive attitude while performing a difficult task. They may be called upon to do even more in the coming months. When you see them at the front gate, take a second to thank them. They deserve it.

Another group that has earned a big thank you is the airport security volunteers. They, too, have logged long days while training to provide extra security at Nevada's airports.

They stand guard duty every day to ensure all Americans can return to a normal life and counter the terrorist's ultimate goal of scaring us.

Several High Rollers in the intelligence squadron are working right now in direct support of our forces in Afghanistan and around the world. Some are away from home, and others are ready to leave. They too are a vital part of America's response to September 11<sup>th</sup>.

## **Preparing To Mobilize**

Airmen and soldiers are the last ones who want to go to war, but the first to volunteer to fight. A vital part of our membership in the National Guard is being prepared to answer the call to duty. Are you ready? Have you talked with your family, and employer about what to expect if you are called to active duty?

We regularly review our personal mobility folders. We keep our immunizations current. We even practice mobilizing periodically. But do we prepare our loved ones and our friends for the possibility of a call-up?

Family Support and Employer Support Programs, things we don't normally think about, are in place to help us in the event of a call to active duty. Your commander, supervisor, and orderly room can help you get answers and information about things like pay, insurance and other financial issues. I have a folder on the base LAN where I post some information also; Look at Y:\State Command Chief. You need to access the LAN from an on-base computer.

## **Nevada Chain of Command**

I am sure everyone knows our state chain of command starts with Governor Kenny Guinn. What you may not know is the Governor is extremely supportive of the Nevada National Guard. In fact, Governor Guinn has taken steps to ensure Nevada state employees called to active duty will not lose money if their military pay is less than their full time state pay. No one asked him to do this. He did it on his own.

Major General Giles Vanderhoof, Nevada's Adjutant General, recently received his second star in a pinning ceremony in the Governor's office. He told the Army and Air Guard members in attendance that he and Governor Guinn are working closely to provide security for all Nevadans, and to provide for the men and women of the Nevada National Guard. We could not ask for a better leadership team than Governor Guinn and MajGen Vanderhoof.

Let us all take time this month to celebrate Thanksgiving. Give thanks for our families, our health, our national and state leaders, and our brothers and sisters in uniform. Let us also resolve to preserve the liberty and freedom that makes the United States of America the envy of the entire world. God bless America.

## Air Force Association News

By DeVonde (Von) Clemence  
Air Force Association, President

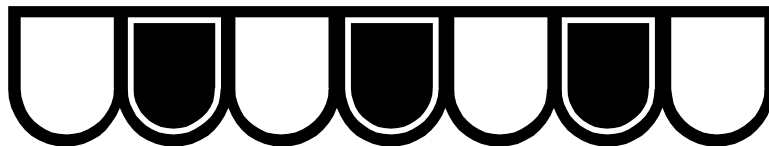

Sign up now to attend the Dale O. Smith Chapter Annual Holiday Party and Scholarship Fundraiser at Amelias Restaurant and Flightline Bar, 655 S Rock Blvd on Tuesday, December 4<sup>th</sup>. Festivities begin with a social hour at 6 pm and dinner will be served at 6:45 pm. The gift auction and raffle will be held after dinner.

This event is our primary fundraiser so the Chapter can offer a \$1200 scholarship to an ANG member or dependent.

Cost is only \$28 per person for a choice of chicken, fish, or veal entrée accompanied by salad, vegetable, potato or rice, dessert and coffee or tea. Contact Lt Col Jeri Van Leuven at 788-9302 to make your reservation now!

Speaking of the Chapter's Scholarship, the easy-to-complete application forms will be available starting in December at a variety of locations around the base. Be sure to check out this column next month for further details on how you or your dependent can apply for this substantial scholarship.

To find out more about what AFA can do for you, please contact our local chapter at: DOSChapter246@member.afa.org or write to: PO Box 20714, Reno NV 89515-0714. Membership applications and information are also available at the Military Personnel Flight in Building 56.

## November UTA Lunch Menu

### SATURDAY

Roast Turkey  
Baked Ham  
Shrimp Cocktail  
French Onion Soup  
Dressing  
Mashed Potatoes w/ Gravy  
Peas and carrots  
Dinner Rolls  
Pecan Pie  
Pumpkin Pie

### SUNDAY

Braised Beef Tips  
Fish w/ Potato Crust  
Noodles  
Brown Rice  
Corn  
Collard Greens  
Carrot Cake

SHORT ORDER:  
Personal Pizzas  
French Fries

Boxed lunches must be requested on an AF Form 2039 at least 24 hours prior to pick up.

# Exercise Safety

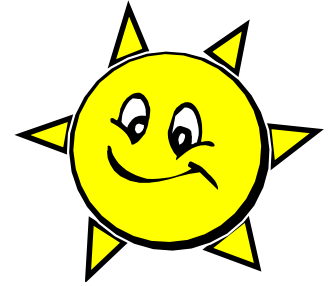

If you exercise and participate in physical sports, you avoid many kinds of health problems. But you can undo all the positive aspects of exercise if you injure yourself in the process. Common sense usually can guide you in the correct way to perform, but it never hurts to have guidelines.

The knees are especially vulnerable during physical activities. The following tips come from a publication of the American Institute from Preventive Medicine and will help you prevent knee injuries:

- Do not look at your knees when standing or moving.
- Do not bend your knees past 90 degrees when you do half-knee bends.
- Do not twist your knees during stretches; one way to ensure this is to keep your feet flat as much as possible while you exercise.
- Use a soft surface for your exercise.
- Wear shoes with soft, flexible soles.
- When your exercise routine calls for jumping, always land with your knees bent.

# NVANG Names in the Sun

## New Stripes - Congratulations!

By MSgt Marie McCoy

Career Enhancement NCOIC

The following individuals were recently promoted in the Nevada Air National Guard.

**To Chief Master Sergeant (E-9)**  
Thomas M. Kurkowski, 152 SVF

**To Senior Master Sergeant (E-8)**

Kenneth R. Broadway, 152 LS  
Max L. Kimmerly Jr., 152 LS  
Nereo C. Pecson, 152 LS

**To Master Sergeant (E-7)**

David A. Fuller, 152 IS  
Sonja L. Spain, 152 OG  
Craig A. Uptain, 152 LS

**To Technical Sergeant (E-6)**

Kimberly D. Bledsaw, 152 LS  
James S. Everton, 152 AGS  
Susan M. Harvey, 152 OSF  
Mark E. Hutchinson, 152 CES  
Sam D. Macaluso, 152 MSF  
Martin P. Meinhardt, 152 LS

## Show Your Pride

U.S.A. Fear This t-shirts and hats are on sale in the wing commander's office in building 56. The hats run \$6 and the shirts are \$10, with partial proceeds benefitting the Children's Christmas Party. Checks may be made out to the Special Events Fund.

# Bake Sale and BBQ Nets \$1100 for Guard Family

By **SSgt Mike Bowers**  
152 Public Affairs Office

When MSgt Susie Reynolds donated baked goods and money to help raise money for a co-worker's sick child, she had no way of knowing that her own child would also need the help one day.

In June of 2000 when her daughter Kasey was born, she found out that the infant was born with ventricular septal defect.

At 14 months, the little girl went through open heart surgery on October 5th at the University of California, San Francisco.

In true Guard family fashion, when one is in need, people turn out in droves to assist.

The folks in finance got the ball rolling by getting donations from Sclaris, Port of Subs and other Guard members. After a BBQ and a bake sale, the fundraiser netted \$1,100 for little Kasey Reynolds.

*Photo by SSgt Mike Bowers*

## NEVADA — EANGUS

### Enlisted Association of the National Guard of the United States **Your Voice on Capitol Hill**

By **CMSgt Fred Gordon**  
152 Intel Squadron

**OPERATION ENDURING FREEDOM** "You can't create any type of an operation without immediately involving the Guard and Reserve," so said Craig W. Duehring in a recent interview. Duehring, Rumsfeld's top reserve affairs official also stated that a call-up signals our national resolve to those who would attack or oppose the United States. Most mobilized reservists will be based in the United States, backing up deployed units and strengthening homeland defense. Air National Guard pilots and their crews are obvious exceptions, being among some of the first units called, and relied upon heavily for airlift. Other reserve specialties tapped are in areas of port security and operations, medical and engineering, power generation, transportation, base security, air defense, force protection, intelligence,

search and rescue, mortuary affairs, counseling and chaplain services.

By Oct. 3, the Defense Department had activated more than 22,000 reservists and guardsmen from 140 units across 44 states, the District of Columbia and Puerto Rico. In that total were more than 12,700 airmen, 4,400 soldiers, 2,700 Coast Guard personnel, 2,100 sailors and 250 Marines. Up to 50,000 could be called under the limited mobilization order signed by President Bush after the Sept. 11 mass murders in New York City, Washington D.C. and Pennsylvania.

The current call-up already is the largest since 1990 when U.S. forces prepared to fight the Persian Gulf War. Because U.S. military leaders can't be sure how long combat operations against terrorists in Afghanistan, or elsewhere, will last, mobilization orders are being written, generally, to last a year. With luck, most reservists will be

deactivated long before those original orders expire. But for now, said Duehring, the reservists are invaluable.

The national office has changed their web service and the new web page has been constructed. I am happy to report we are back on line. I encourage you to refer to [www.eangus.org](http://www.eangus.org) for the most current legislative information.

Your Nevada Enlisted Association has been involved in an aggressive membership campaign to establish your State Enlisted Organization as a leading west-coast EANGUS chapter. Congratulations go to Chief Master Sergeant James Moore of the 152 Civil Engineering Squadron. He is the winner of the 2 day Get-A-Way membership package drawing, to the Tahoe Biltmore Hotel. While we were very successful in this effort, we are not ready to sit back and take a snooze. We will continue to enlist your support and invite you to throw your hat in the ring by becoming a recognized member of EANGUS. I invite all interested parties to contact me at 788-4714, Kenny DuPree 788-9382, Rodney Clifton 788-9385 or any EANGUS member, to sign up and fortify your voice on Capitol Hill.

# Recruiter Notes

By CMSgt Cindy Sullivan  
152 MSF

We are hiring! (No kidding, the announcement closes Oct. 25) If you stop by recruiting, you'll notice it's a little empty. Dennis Fournier was selected to become our next intelligence officer and is currently at AMS. Dennis was the Recruiter of the Year for the Air National Guard in 1996. He also has the record for highest average number of recruits per month for the Nevada Air Guard! Chances are high that Dennis was *your* recruiter. Whoever is hired for his position will have some big shoes to fill!

Commanders and first sergeants, it's that time of year to recognize the men and women who work to keep your people informed of the benefits and entitlements of being in the Nevada Air Guard. The unit career advisors!

The Retention Office would like to recognize the Squadron and Unit Career Advisor of the year at this year's award ceremony. The nominations need to be in bullet statement format and to the retention office NLT close of business Nov. 3.

It goes without saying how much we appreciate your involvement in R&R activities throughout our community, but we'll say it anyway! UNR's Hispanic Heritage Day was a great success with the support of SrA Vasquez, A1C Dahlgren, MSgt Martinson-Castro, and SrA Puertos.

North Valleys High School JrROTC program is off and running (marching?) thanks to the kind donations of uniform items from our unit members. If you find a spare belt buckle drop it by Recruiting and Michelle Nelson will assure that it

gets to the school.

Also, a word of gratitude to those of you who have chipped in around our office during this very busy time. The tasks may seem minimal, but when they pile up they become monumental to us!

The Recruiting and Retention office would like to thank all the unit members for their hard work and dedication this year in Recruiting and Retention. We enlisted 112 and only lost 98. This is one of our best years yet. We could not have done this without your help. It's your enthusiasm at promoting the Air National guard that keeps bringing in recruits and keeping the ones all ready in, motivated. Again, thanks! *We would also like to wish you and your families a bountiful Thanksgiving!!!*

Cindy, Jim, Michelle and Michelle

## The 25th Annual Western Regional Military Bowling Tournament

**Who:** Current and Retired Air National Guard, Active Duty and current DOD employees and their families.
